

The Daily Freeman.

MONTPELIER, DEC. 14, 1863.

ENROLLED MEN—We call the attention of all our readers to the list of enrolled men, for Montpelier, printed elsewhere in this paper.

This enrollment was made by the United States officials previous to the draft last Summer, and doubtless it now needs corrections. All persons wrongfully enrolled, should be reported to the selection of this town, as they are taking measures to aid in having the enrollment properly corrected.

THE HUTCHINSONS—These well-known and justly celebrated singers are to give a concert here. We need only to call attention to their advertisement in another place in this paper. Our readers are so well acquainted with them that these singers need no commendation from us.

A Washington correspondent says that a Vermont regiment selected by Gen. Sedgwick to storm the rebel intrenchments on the Rapidan, was almost wild with joy, while both officers and men actually begged and even offered money to be allowed to lead the advance.

FROZE TO DEATH—Mr. Joseph Crane, aged 79 years, a traveler without any fixed residence, was found dead in Wheelock on the 24th inst. He left the main road to go across the fields to a certain house and was accidentally found, having perished with cold.

MIDDLEBURY COLLEGE—The catalogue of Middlebury College for 1863-4 shows the following number of students: 12 Seniors, 21 Juniors, 14 Sophomores, and 16 Freshmen; total 63.

CORINTH COPPER COMPANY—This company has forty men in its employments. The mine is in the town of Corinth, Orange County, thirteen miles from Bradford, to which place the ore is conveyed for transportation by railroad. Henry Barnard, president, W. A. Cleveland, Secretary—both of the city of New York.

Wm. Barnet and Sandy Kavanaugh of Burlington, whose trial for murder of their wives a year or more ago will be remembered, are to be hung on the 17th (next week Friday) by the Sheriff of Windsor Co., Lorenzo Richmond. The execution will probably be in the State Prison yard.

Mr. Merrill, of this state, has given notice in the House, of a bill to abolish the reciprocity treaty with Canada.

VERMONT SCHOOLS—The total expenses of the common schools in Vermont in 1863 were \$376,000. Our population is 315,726.

Testimonials to the Value of

Laughing Gas.

MONTPELIER, Oct. 17, 1863.

Having witnessed the effects of the use of Nitrous Oxide gas in the extraction of teeth by Dr. J. M. Comings, I take pleasure in stating, that I think it one of the greatest improvements of the age. In the application of science for the relief of pain. Its use I regard as preferable to that of Ether or Chloroform, while the relief from pain is just as entire, as that of either or Chloroform, it is free from those depressing influences that often follow their use. I commend its use as a safe and entire relief from pain to those who wish to have teeth extracted and ever retain pleasing associations connected with the operation.

W. H. RICHARDSON, M. D.

DR. JOHN M. COMINGS.

Dear Sir: Having witnessed the effect of the Nitrous Oxide gas administered, by you for the relief of pain in the extraction of teeth, I fully concur in the statement above made by Dr. Richardson.

I further state, that this Gas has long been known to relieve pain, and has been administered by Professors and Lecturers, in all our Colleges, as a pleasant and amusing experiment. More recently, it has been extensively used by Dentists in various parts of the Country, for the relief of pain in the extraction of teeth, no injury from its use ever having been reported. I have no hesitancy in saying that I believe it to be the safest and best agent at present known in the Profession, for rendering the system insensible to pain under dental or surgical operations.

WASHINGTON, Dec. 14. A movement will be immediately made in Congress to increase the pay of soldiers to eighteen dollars per month.

Among the propositions to amend the Conscription law is one to include in the draft all between the ages of eighteen and forty-five, thus doing away with the two classes.

The opinion is gaining ground that the commutation clause will be abolished.

There are at the present time sixty thousand troops within sixty miles of Washington.

NEW YORK, Dec. 14. The Herald's dispatch states that large numbers of rebel deserters are coming into our lines, who claim protection under the amnesty proclamation.

Pulmonary Consumption A Curable Disease.

A CARD.

The undersigned having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which will find a cure for Consumption, Asthma, Bronchitis, Coughs, Colds, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes ever sufferer will try his remedy, as it will cost them nothing and may prove a blessing.

Parties wishing the prescription will please address

RELIEF IN TEN MINUTES

Bryan's Pulmonic Wafers.

This certain and speedy remedy was discovered for all Diseases of the Chest and Lungs, Coughs, Colds, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief to all who are afflicted with a cough and last long cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are equally a blessing and a cure—none need despair, no matter how long the disease may have existed, or how severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

To Vocalists and public Speakers, these Wafers are peculiarly valuable. They will in one day remove the most severe sore throat and their regular use for a few days will, at all times increase the power and flexibility of the voice, greatly improving its tone, compass and clearness for which purpose they are regularly used by many professional vocalists.

RATIONS AND CLOTHING!

CAPT. L. L. COBURN,

WHO commanded Co. C. in the gallant Thirtieth Vermont, having been appointed a Recruiting Officer, to raise a Company for the

17TH VERMONT REGIMENT,

Veteran Volunteers

Would now invite all those who fought with him at Gettysburg, as well as those who have served in the Army of the Union for Nine Months or more, to once more rally with the Flag that has been so bravely borne by Vermont Boys on many a bloody battle field.

HEADQUARTERS AT MONTPELIER.

In the building known as the "RIALTO," fronting State Street Bridge, which will be open all hours of the day for the purpose of enlisting recruits. Lieut. GEORGE S. ROBINSON has the appointment of Recruiting Officer under Capt. Coburn, with his headquarters at Montpelier. Lieut. ROBINSON will make weekly or semi-weekly visits to Montpelier, Warfield and the New River Valley country, to enlist those residing in that section.

Lieut. W. E. MARTIN of Co. U, is also Assistant Recruiting Officer, and will have his headquarters at MARSH FIELD, where he will at all times be ready to enlist men for CAPT. COBURN'S Company.

The inducements to enlist in the Seventeenth Regiment of Veteran Volunteers, are such as have never been offered any soldiers now in the field.

The pay will commence from the day of enlistment. Furloughs will be given those wishing them, to remain at home until the organization of the Company. Soldiers of the noble Second Brigade, your Country yet needs your services. Answer the invitation of the Republic, whose children you are, and rally once more around the standard of the Union. Come! the memory of your past achievements beckons you on. While the fame of your bravery on the battle field is yet ringing among the hills of your native State, at the top of the drum spring once more to arms.

L. L. COBURN, Recruiting Officer.

American & Foreign Patent.

R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington, under the Act of 1837.

76 State street, opposite Kilby st., Boston.

AFTER an extensive practice of upwards of twenty years, continuing to secure Patents in the United States—also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms and with despatch. Researches made into American or Foreign Works, to determine the validity or utility of Patents or inventions, and legal advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England but through it inventors have secured securing patents, of ascertaining the patentability of inventions unsurpassed, if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense volume of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents—These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure patent, and the usual great delay there, are here saved.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful solicitors with whom I have had official intercourse."

CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE, Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART, During eight months, the subscriber, in course of his large practice, made, on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
